This option works just like the Line tool we explored in a previous tutorial - but that's where the similarity ends as we will explore in the next step.. PowerPoint 2011 also includes tools that several people can view and presentations on the Fly themselves by clicking on SkyDrive another Microsoft service that provides 25GB of free online storage.. You can even choose a picture file as the movies poster frame and you can pause and scrub through movies during a slideshow a feature that was missing from PowerPoint 2008.

When you connect to the service using your Windows Live ID and password PowerPoint uploads the presentation and displays a link that you can e-mail to your audience.. Good puzzles I'm sticking with your office 2011 at least I'm not going to pay subscription fares for software that's the same as me which I'm already using now.. Good riddance I'll stay with dodgy Office 2011 at least I won't be paying a subscription rate for software that's the same as I what I already use now.. When you connect to the service by using your Windows Live ID and password PowerPoint uploads your presentation and displays a link that you can send e-mail to your audience.
